STUDENT

ABOUT

- I'm Surender. I'm a passionate student and a budding full-stack developer eager to dive into the tech world. As a fresher, I'm excited to leverage my skills in both front-end and back-end technologies to create innovative solutions. My journey is just beginning, and I'm eager to delve into new challenges and grow as a developer.

TECHNICAL SKILLS

- HTML & CSS
- JavaScript
- React.js & Node.js (Basic)
- Python (basic)
- Sql (Intermediate)

PROJECTS

Face Attendance

Jan 2024

- Developed a face attendance project using Python for backend, HTML for web structure, CSS for styling, JavaScript for interactivity, and SQL for database management. Included face detection algorithms, user registration, attendance marking, and security measures. Tested for reliability and deployed for real-world usage with comprehensive documentation.

Chat App

Mar 2024

- Instant Messaging: Real-time, seamless conversations.
- Media Sharing: Easily share photos and videos.
- Secure: Encrypted for your privacy.

ShopEase: Your Go-To Online Store

Aug 2024

- ShopEase offers a hassle-free shopping experience with:
- Vast Selection: Browse thousands of products across categories.
- Easy Checkout: Quick and secure payment options.
- Fast Shipping: Get your orders delivered to your door swiftly.
